We will circle back to both documents as we move forward to ensure that we have not missed any of the comments.

Thank you for letting us know!

Sorry, we missed that. It looks like there are about 11 people in the older version (12.23) still commenting. BEAD has many new changes and comments in the older version too.

Hi Monisha,

Sorry about that. OneDrive would not allow Shanta and I to save our changes to the decision memo earlier this morning and they needed to be saved as a new file. This is the file with today's date. There is a new folder that contains the older versions of the memos.

Debra – It looks like there are 2 versions of the decision document that are getting comments. BEAD is in the 12.23.20 version. Which version should Kimberly review? She just mentioned that she was going to take a look. Thanks. -

**Subject:** Aldicarb - Request for review of working memos (Q&As and Draft Decision Memo)

Hi Team,

We have created new folder on the OneDrive for the most current working documents for aldicarb (Aldicarb Working Documents 12-23-20). We are hoping that we can get comments from the team on the Q&As and Draft Decision Memo before noon Tuesday (1/5/2021) if possible. While we know these memos are still rough and some things are already noted as needing a second look, we believe we would greatly benefit from team comments, and appreciate any and all that you have to offer.
